Welcome to JPP's concierge service. Our facility is dedicated to supporting the needs of our International clients with all their motor vehicle needs. Our expertise covers all forms of cars from vintage, race, drift right through to Super cars.

Our team can help with the most obscure request from Jet Skis to Hoverboards. Why not use us as your one stop solution.

With 15 years of market leading experience and our network of technical experts and suppliers, we are in a perfect position to source parts and components from across the globe.

Our master technicians can undertake any mechanical work, specialising in fast road and race car builds and providing full custom car packages. We can develop a car based on your needs, build in house and complete the project, right through to engine dyno and mapping. Providing you a full parts package for easy reassembly in your country.

Using our existing Logistics channels we are able to expedite packages on express services and to many countries on a next day basis.

Why not outsource all the stress of searching for rare or difficult to import parts, it's something our dedicated team have been doing for clients across the globe with great success.

We are the preferred partner of The Super Car Club Garage (owned by Gautam Singhania), the largest motorsport specialist in India, already having delivered a number of build packages and regular shipments of goods.

CONCIERGE SERVICE BENEFITS

- ✔ A dedicated account manager who will support you
- ✔ We help find technical solutions
- ✔ Take away the stress of finding parts
- ✔ Just make one payment rather than deal with a multitude of suppliers
- ✔ We arrange packing and shipping of your goods to suit you
- ✔ We handle all paperwork and customs clearance for you
- ✔ All costs are upfront with a competitive commission rate
- ✔ We pay all UK taxes on your behalf so you can buy VAT free.
